1:05 PM **Karen**: Have you moved to the new apt yet?
1:06 PM **me**: nah, Mirna's moving in today, I'm over at Miriam's place and going to her friend's party later so will wait till tomorrow.
about to write the announcement for Project 3Jane, also
sitting in bed with a cat
1:07 PM **Karen**: Oh! What's its name?
me: looking forward to being taken care of by all of these females
this one is Lucy
there's another one, Ruby
Karen: Does it look like our own Hobbes?
me: nope
cute though
1:08 PM **Karen**: Does Mirna have a cat, too?
me: don't think she does anymore, but not sure
she still has dog
Karen: oh no, is it better housetrained than Andrew's dog?
me: yeah
me: Andrew's dog wasn't poorly housetrained
me: it's just that andrew rarely took it out
me: I mostly did that
me: also, it was just a little feces-making machine
me: Mirna wouldn't have some dog soiling her pretty little carpets
Karen: good, did moshe get the place repainted for his new tenants?
me: yep
me: That Scott kid is in the basement for the time being
me: and I believe Moshe gave Christopher a little money for a motel room until his new place opens up on the first
me: or perhaps it was to Scott, wasn't clear on that
me: anyway, going to write my article now, I'll talk to you later
Karen: oh my god! the LANDLORD gave money to the TENANT! weird.
me: He's a great landlord
Karen: yes he sounds like a nice guy. But good riddance to Chris and Scott.
me: yeah, no kidding
